WORK EXPERIENCE

Product Manager (B2B SaaS)

SurveySparrow

Jan 2023 - Present

- Managed the launch of the Ticket Management module, overseeing the development and release of key features including ticket workflows, agent management, SLA configurations, dashboards, and a new mobile app for frontline users.
- Orchestrated seamless integration with major platforms like MS Dynamics 365, Marketo, MS Teams, Segment, and IFTTT, significantly expanding platform functionality and driving increased user engagement.
- Led the development and launch of AppNest, SurveySparrow's App Marketplace, curating a diverse range of third-party integrations to meet customer needs, and directed the Developer Program to drive growth.
- Analyzed customer feedback to inform the product roadmap, ensuring alignment with user needs, and engaged directly with customers to understand their requirements and feedback for driving product innovation.
- Spearheaded enhancements in numerous integrations, updating APIs and Webhooks to improve user experience and product reliability, ensuring seamless functionality across platforms.
- Managed the mobile app for offline surveys, ensuring adherence to Google Play Store and Apple App Store standards, and implemented enhancements to optimize user experience and app performance.

Associate Product Manager (Fintech Mobile App)

OkCredit

 Assisted the product development for OkCredit's BNPL product from scratch. Managed analytics, user research, communications, support and collection til the product reached 12,000+ active users.

- Improved feature adoption from 1.5% to 4% by utilising all available communication channels without ads.
- Managed the ideation, feasibility study and user research for a new P2P Lending product that proceeded to development later.

Regional Expert (Growth & UX)

OkCredit

Jun 2020 - Dec 2021

Dec 2021 - Jan 2023

- Handled growth and retention for Tamil Nadu region (South India) with 200,000+ merchants.
- In-charge of overseeing multiple localisation and user research projects. Directly spoke to 250+ users to understand their use case and requirements.
- Reduced the CPA by 38% by experimenting with ad copies and registration flow screens.

Community Expert (Growth, Retention & Community Engagement)

ShareChat

Jun 2019 - Jun 2020

- Part of the core team which launched Group and Audio Chat feature in ShareChat.
- Helped in understanding the requirements from beta users and involved in campaign planning for the PAN India launch.
- Developed the play book for launching Group feature in India for a DAU base of 14 Million Users
